An absolutely beautiful pattern! 1) Entire upper and lower surfaces and stabilizers are a primary color. 2) All internal ribs are a contrasting secondary color. We recommend white or light colors for primary and darker colors for secondary.

### 2) Cell By Cell

To color your Omega cell by cell, indicate the color of each cell by placing the 3-letter identifier in the appropriate box below. This is as if the canopy were flying toward you. The ribs, stabilizers, and slider will be matched accordingly. Symmetrical patterns are recommended.
